EDUCATION

Bachelor of Preprofessional Biology

University of Florida, Gainesville, FL

May 2026

GPA: 4.00/4.00

C. Leon King High School, Tampa, FL

International Baccalaureate Diploma (44/45)

Summa Cum Laude

August 2018 - May 2022

GPA: 4.00/4.00

PROFESSIONAL EXPERIENCE

May 2023

Clinical Observer

H. Lee Moffitt Cancer Center and Research Institute

- Shadowed Dr. Seth Felder, my faculty mentor, in the Department of Gastrointestinal Oncology in various clinical and surgical tasks
 - Gained deeper insight into relevant medical procedures, policies, and organizational and functional structure
 - Examined the respective roles of and relationships between all team members in providing optimal care to patients and guests
-

TEACHING EXPERIENCE

General Chemistry 1 Honors Teaching Assistant

May 2023 – Present

- Supervised a team of fifteen students in course assessments and projects, provided timely constructive feedback on assignments, and evaluated student performance through course submissions
- Tracked student progress throughout the course to develop resources targeted at areas for continued improvement
- Hosted weekly discussions to facilitate student understanding of course material and transmission of knowledge and strategies gained from personal experience

Honors Potions Camp Teaching Assistant

May 2023 – August 2023

- Mentored a cohort of incoming Honors freshmen with regards to the Honors Potions Camp, University of Florida Honors Program, and general university inquiries
 - Exercised tools for effective communication and leadership through serving as a compassionate peer and resource
 - Shared personal experiences in an engaging and approachable manner, taking into account student questions and concerns
-

LEADERSHIP

Chinese American Student Association – Vice President of Communications

April 2023 – Present

- Distributed relevant information and updates effectively to general body members through interactive online platforms
- Upheld and enforced standards for expeditious turnaround times and frequent cross-referencing of CASA records to verify accuracy
- Coordinated events in CASA's organizational calendar and created monthly calendar graphics for CASA's online platforms

Chinese American Student Association – CASANova Theta Class

January 2023 – April 2023

- Engaged with and expanded upon CASA's events and operations with a focus on professional development and event planning

- Collaborated extensively with nine peers to plan, program, and execute unique general body events of an interactive nature
- Devised and presented two Action Proposals for CASA's continued growth, utilizing personal and peer experiences and reflecting upon general body member feedback

Honors Residential College – House Chair

September 2022 – April 2023

- Served as a representative for the Green Sea Turtles House, composed of more than 150 peers
- Programmed and hosted Haunted Hume, a Halloween event open to all residents of the Honors College

Relay for Life – Event Lead, C. Leon King High School

June 2021 – May 2022

- Oversaw all aspects of planning and production of our chapter's annual event, leading three committees totaling over twenty people
- Integrated meetings with our chapter's American Cancer Society Staff Partner, teacher coordinator, and committees for seamless flow of information and exchange of ideas
- Formulated detailed itineraries for and managed all committee, team captain, and general participant meetings

Relay for Life – Fundraising Lead, C. Leon King High School

August 2020 – May 2021

- Spearheaded new strategies for fundraising and sponsorship efforts in light of the COVID-19 pandemic preventing the use of past action steps, producing a successful collaboration with a local business
- Directed a committee of seven individuals in continuous community outreach and education on the American Cancer Society's mission

COMMUNITY SERVICE

Volunteer, UF Health Shands Arts in Medicine

January 2023 – Present

- Performed relaxing, soothing violin repertoires weekly to audiences composed of UF Health faculty, staff, patients, and guests
- Provided emotional support, comfort, and a reassuring presence to listeners
- Enhanced patient and guest experiences with UF Health in utilizing the healing power of music

MRI & Pathology VolunTeen, Moffitt Cancer Center

June 2021 – August 2021

- MRI Unit:
 - Welcomed and guided patients through the reception, preparation, and MRI scan processes
 - Informed patients of proper MRI scan procedures in an accessible manner and ensured clarity of communications
 - Provided emotional support to and alleviated apprehension of patients
- Pathology Unit:
 - Assisted pathology staff in cataloguing and distributing patient slides and information to faculty and collaborators
 - Organized and packaged patient slides securely for storage and transport
 - Evaluated patient files to maintain updated, accurate records

Cohort Leader, Stemillions

April 2021 – August 2021

- Independently tutored a cohort of over 30 elementary school students biweekly in diverse areas of Science, Technology, Engineering, Arts, and Math (STEAM)
- Crafted detailed lesson plans with a focus on nourishing students' passion, creativity, and critical-thinking skills

- Interacted with students in a manner eliciting active engagement and fostering an ethos of participation

Volunteer, Feeding Tampa Bay

August 2019 – Present

- Packaged donated foods and items into care packages for the food-insecure in the Tampa Bay community
- Inspected incoming donations for quality, adhering to and upholding organization standards
- Categorized, sorted, and labeled donations based on type and quantity of donations for convenient location and retrieval

Volunteer, Lawton Chiles Elementary School

March 2017 – March 2020

- Aided over 50 elementary school students in locating, assembling, and decorating their solar cars prior to the annual solar car races
- Directed student teams to raceways at scheduled times, caught solar cars at the end of raceways, and recorded race results
- Guided students between different solar car and activity stations, explaining instructions and answering all questions
